

Quodpod

A Revolution in Travel Catering

Quodpod™ is a revolutionary new travel catering product. Designed to improve the sustainability of cabin catering, this economy meal service cuts weight and waste in the galley while improving the appeal of meals on-board.

The patent pending design presents a win-win situation for airlines, caterers and passengers alike.

Mercury
Award

Design

These versatile pods will improve the presentation and appeal of economy meals, and are suitable for three course hot meals, ambient snack boxes, special meals and kids meals.

Airline benefits include:

- Ability to fit up to 50% more meals per trolley, saving significant space and weight onboard
- Fully branded pods bear livery colours and logo
- Easy, ergonomic handling for crew
- Tough polycarbonate pods resist wear and tear

Caterer benefits include:

- Streamlined assembly line
- Reduced volume of waste per meal

Passenger benefits include:

- Fun bento-style compartments, excellent functionality
- More appetising meal presentation with less packaging
- More elbow room during mealtimes
